

RETAIL7 for sports & entertainment

RETAIL7 offers a quick-to-configure and easy-to-use cash register for the sports & entertainment sector, which already has all the necessary functionalities as standard. The solution is optimised for a very high customer throughput at peak times, e.g. during highly frequented events or festivals, cinemas, sporting events or during concert breaks. The system can also be used mobile, independent of location, and offers the possibility of directly integrating other systems (e.g. ticket systems, web shops, customer or product databases). With configurable selection menus, simple billing and receipt creation functions, RETAIL7 is therefore the ideal solution for diverse stationary and mobile sales scenarios - from fan shops to pop-up shops and event cash desks.

Advantages:

- + Fast operation due to simple checkout layout, which prevents errors.
- + Standard integration of all common payment methods incl. Pin-on-Glass
- + Optional customer display with tip function
- + Offline-capable mobile cash register

A variety of modern payment options

Cash, vouchers, debit cards, credit cards, smartphone, PIN on Glass

Customer loyalty options

RETAIL7 offers comprehensive options for designing promotions such as Happy Hour, 3 for 2, as well as the integration of your own customer cards.
